Availability: On-site · Hybrid · Remote · Driving licence B + own vehicle

PROFESSIONAL PROFILE

Agentic AI Solution Architect specialised in AI agents and hyperautomation. I design, build and ship AI agents (Microsoft Copilot Studio, Druid AI, LangChain), automations (Power Automate, UiPath) and REST API integrations. Experience with clients in public administration, consulting and IT services. Certified in UiPath, Azure AI and PowerShell.

WORK EXPERIENCE

Agentic AI Solution Architect

SGS · Madrid (hybrid) | September 2026 – Present

- AI agents with Microsoft Copilot Studio connected to Power Automate cloud and desktop flows (RPA).
- Managing agent releases to production.
- Contributing to the definition of the company's agentic AI governance.

RPA & AI Automation Engineer

SERMICRO · Madrid | March 2025 – September 2026

- Built and shipped conversational agents with Druid AI across Teams, web and voice channels.
- Automated business processes using UiPath and Power Automate with high autonomy.
- Automated the ServiceDesk of a public-sector body using LangChain (Python).
- REST API integrations with Jira, EasyVista and other enterprise systems.

Operations Team (Internship)

Elecnor Deimos | September – December 2023

- Resolved hardware and software incidents using Jira Service Desk and Confluence.
- Performed preventive equipment maintenance and documented internal procedures.
